PowerSchool SIS: Contact Update Form

It is essential to ensure that your child's school has your most current phone number(s), address, email address, and accurate emergency contact information. To help ensure data is correct, Parents/legal guardians can update their contact details and emergency contacts from the PowerSchool parent portal. Once logged in, go to the **Forms** page, and click on the **[Diocese of Arlington] Student Contacts** link.

Add, edit, and delete contacts as needed. There should be at least two emergency contacts in addition to parents/legal guardians.
